

Turning Point Day Center

Mission Statement:

Turning Point Day Center is a multi-cultural and non-denominational facility for adults, rendering support to Atlantic County Communities. We provide assistance to individuals through partnerships with existing agencies and ministries to provide counseling, job referrals, housing referrals, computer, GED and literacy classes, physical and mental health services; veteran services and referrals. We offer daily showers, meals and clothing. We allow access to our wi-fi computer equipped library and provide the homeless with a mailing address.

Vision Statement:

In our comfortable, welcoming environment, our goal is to provide rest and regrouping for those in need. We afford our clients an opportunity to obtain the tools necessary to function in society. Our staff is ready with our home away from home philosophy to receive and guide everyone that makes his or her way to our open doors. Providing some of the best human services possible, restoring dignity and respect, we believe everyone deserves support when faced with a crucial turning point. Looking forward to growing with our existing and new partnering agencies and ministries, we are committed to continuing to tailor our programs to meet the needs of the most vulnerable among us.

Kim Davis, MHS
